Introducing the Spartan 740 Trailer Jet, which for the first time combines a full 4,000 PSI of jetting power in a trailer towable by any vehicle in your fleet. With a wide-track chassis, a 150-gallon water tank and pipe sizes ranging from 3" to 15", this tough little jetter is ready for anything. It also gives you adjustable pump pulsation for maximum cleaning distance and is available with a traditional gasoline engine or in a hybrid version powered by liquid propane.
**SPECIFICATIONS**

- **Pipe sizes:** 3” – 15” diameter
- **Pressure:** 4,000 PSI
- **Flow:** 12 GPM
- **Standard hoses include:** 350’ of ¼” high-pressure cleaning hose; 100’ of ½” rubber water supply hose; 75’ of ¾” trap-cleaning hose
- **Weight:** 1,376 lbs. empty; 2,651 lbs. full
