743/746 Trailer Jet

Two sizes. One powerful tool. Spartan delivers two great jetter options for your next big project: the 300-gallon 743 Trailer Jet or the 600-gallon 746 Trailer Jet. Both combine a full 4,000 PSI of jetting power in a trailer towable — full of water — by any vehicle in your fleet. With electric brakes and a wide-track chassis, capable of cleaning pipe sizes ranging from 3" to 15", these tough, simple jetters are ready for anything. They also give you adjustable pump pulsation for maximum cleaning distance and are available with a traditional gasoline engine or in a hybrid version powered by liquid propane. So if you are looking for a simple, flexible hydro-jetter to serve your customers, the 743 or 746 may be your ideal choice.
**SPECS**

**743**
- Pipe sizes: 3" – 15" diameter
- Pressure: 4,000 PSId; Flow: 12 GPM
- Standard hoses include 500′ of ¾" high-pressure cleaning hose; 100′ of ¾" rubber water supply hose; 75′ of ½" trap-cleaning hose
- Weight: 2,160 lbs. empty; 4,725 lbs. full
- Size: 72" W x 68" H x 160" L
- Engine: 40-HP twin-cylinder engine
- Fuel: Available as gasoline powered or propane powered
- Skid-mount version available in either gasoline powered or propane powered
- One closed and one penetrator nozzle included

**746**
- Pipe sizes: 3" – 15" diameter
- Pressure: 4,000 PSId; Flow: 12 GPM
- Standard hoses include 500′ of ¾" high-pressure cleaning hose; 100′ of ¾" rubber water supply hose; 75′ of ½" trap-cleaning hose
- Weight: 2,720 lbs. empty; 7,850 lbs. full
- Size: 72" W x 68" H x 190" L
- Engine: 40-HP twin-cylinder engine
- Fuel: Available as gasoline powered or propane powered
- Skid-mount version available in either gasoline powered or propane powered
- One closed and one penetrator nozzle included

**FEATURES**

- Triplex ceramic plunger pump delivers 4,000 PSI @ 12 GPM
- Adjustable pump pulsation for maximum cleaning distance
- Power hose rewind
- Electric start engine
- Manhole hose protection
- Single axle, wide-track chassis (743) or Dual axle, wide-track chassis (746)
- Electric brakes
- 15" tires with spoke wheels
- 300-gallon water tank (743) or 600-gallon water tank (746)
- Shut-down protection for low water conditions
- Low oil pressure indicator light
- Air-purge system protects against cold weather conditions
- Wash-down gun and lance
- Locking toolbox
- 8-gallon fuel tank or LP tank mount
- Hydrant hose connection with air gap
- Adjustable height hitch
- Optional 4,000 PSI performance nozzle kit features 5 nozzles, including a genuine Warthog® nozzle for cutting roots

All Spartan trailers are certified fully compliant by the National Association of Trailer Manufacturers.

The single-axle Model 743 gives you 300 towable gallons of water to tackle almost any pipe cleaning task.
